### CONDITIONS OF SALE.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. These are the only conditions under which bids will be received.

Coins and medals are sold at so much per PIECE, and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to \$2.50, when 10c. advance must be bid, up to \$10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay \$5.00 for the entire lot, then bid \$1.00. lot, then bid \$1.00.

Auction sales are strictly for cash. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for the three days' sale, for \$1.00, cash to be sent in advance.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, Thomas L. Elder.

 618 1873. Carson City Trade. Uncirculated, a little tarnished. Rare.  
 619 1876. "Centennial." Liberty with sword. "By authority of Congress." One of these pieces was catalogued for my Second Sale, 1905, by David Proskey, one of the best authorities in America, as a Centennial Dollar, and without the use of any quotation marks. It is of nearly the same size, thickness and weight of the standard dollar. The dies for the piece were canceled after the pieces were struck, as is done with any regular United States coin. It was authorized by Congress. It is not **VERY COMMON**, as was stated in a recent catalogue, in fact a canvass of the best dealers in the country discloses that none are on hand. Mr. S. Chapman described the piece in the Lambert catalogue as the "**Centenial** Commission Medal," and stated that "The piece was purchased at a sale by Elder, Oct. 3, 1906, where he misleadingly catalogued it a 'Centennial Dollar'." Whether the aforesaid Mr. S. Chapman knows more about coins, or his opinion is more valuable than Mr. Proskey's, we leave it to collectors to decide. We leave it to them also to decide whether the remarks indulged in would have a tendency to increase or decrease the price that such a piece would bring. Proof. Rare. I have had records of \$12.50 for it since Major Lambert bought his.
